SIGNUP Page

- Fill the form and press *Signup* button to create a new user. If user creation is successful, you will be redirected like you logged in as that new user.
- Press *Main Menu* button to go back.

The screenshot shows a window titled "Just a Game" with standard Windows window controls (minimize, maximize, close). The background is a light gray gradient. In the center, the text "Just a Game" is displayed in a large, bold, dark red font. Below it, the word "SIGNUP" is centered in a bold, black, sans-serif font. Underneath "SIGNUP" are three text input fields stacked vertically. The first field is labeled "username", the second "password", and the third "password again". To the right of the "password again" field is a blue button with a white border and the text "Signup". Further down and centered is a gray button with a white border and the text "Main Menu".

LEADERBOARD

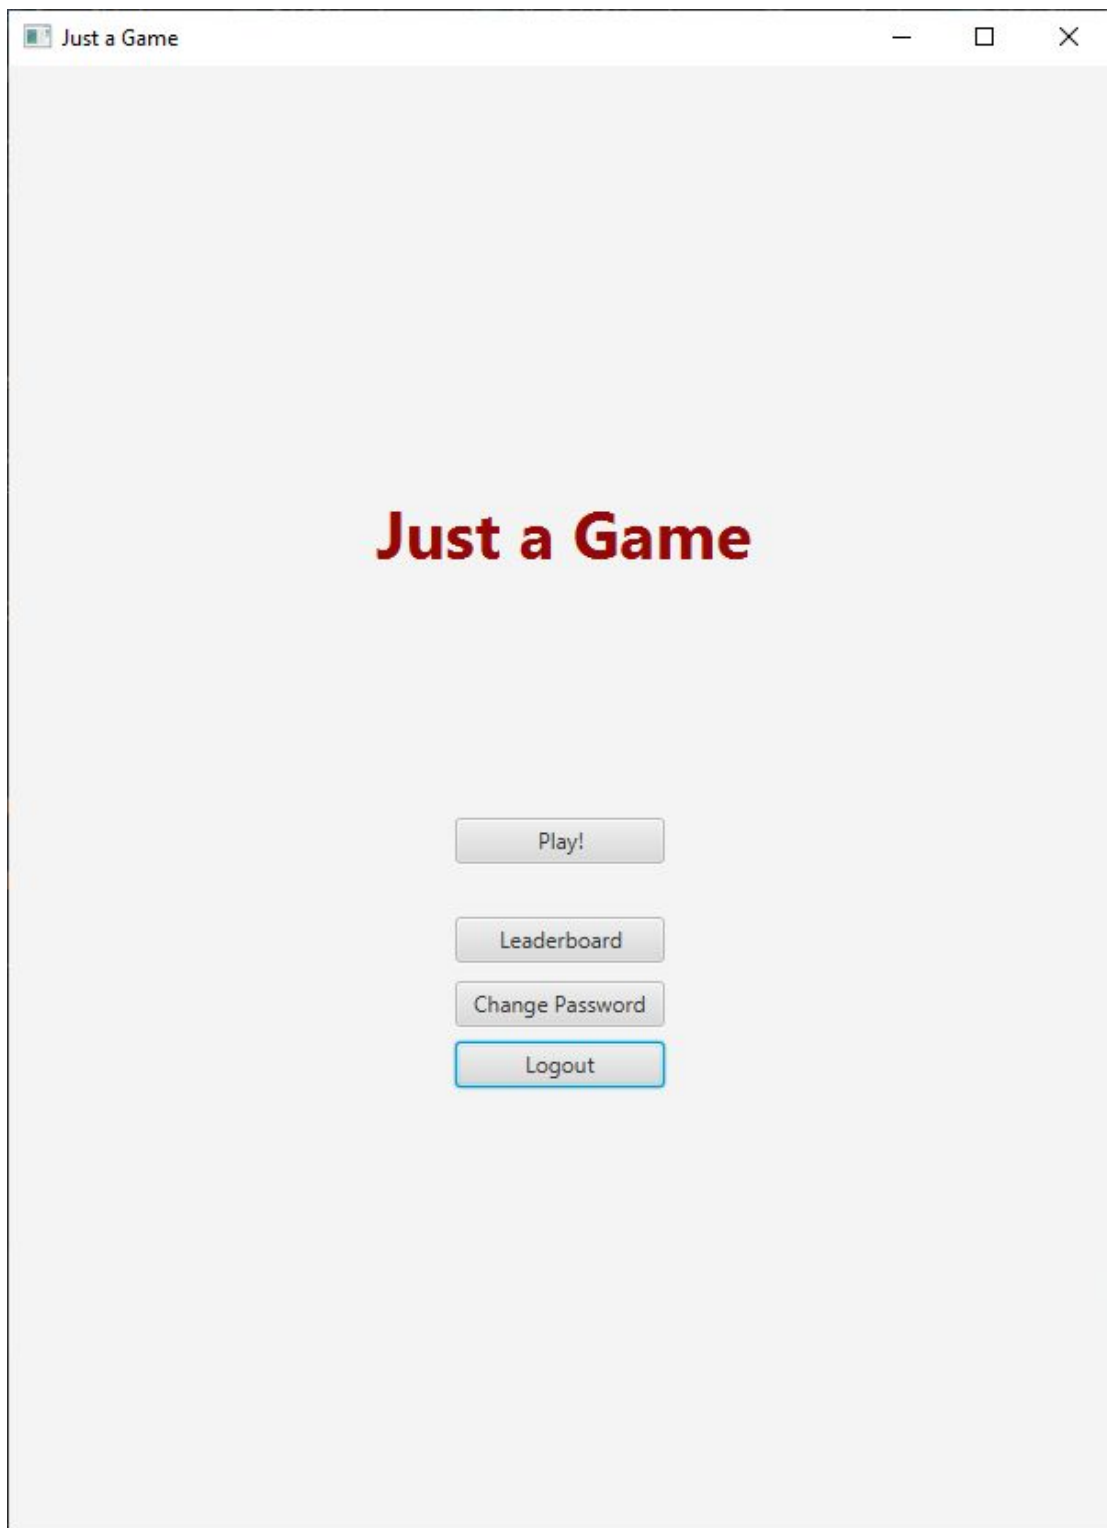

- Use the ComboBox on the top left corner to select one of “All Times”, “Last 7 Days” or “Last 30 Days” to display leaderboard for that period.
- Press *Main Menu* button to go back.

MAIN MENU

- Press *Play!* button to start game.
- Press *Leaderboard* button to see leaderboard.
- Press *Change Password* button to change your password.

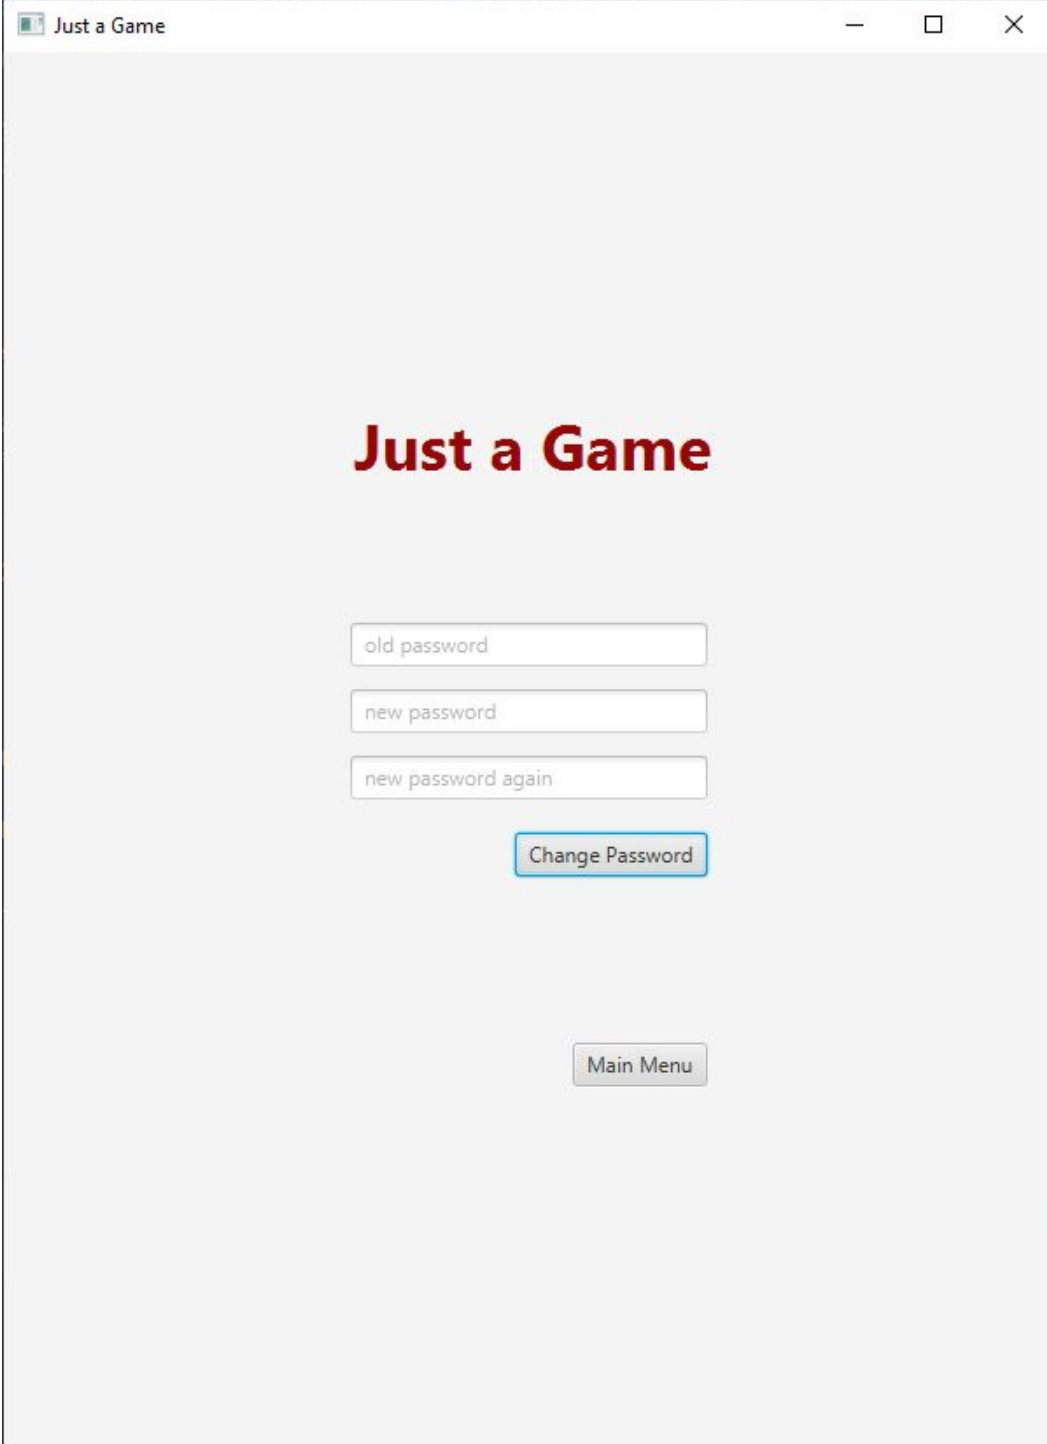

- Press *Logout* button to logout.

CHANGE PASSWORD

- Fill the form with your old password and enter a new password, then click

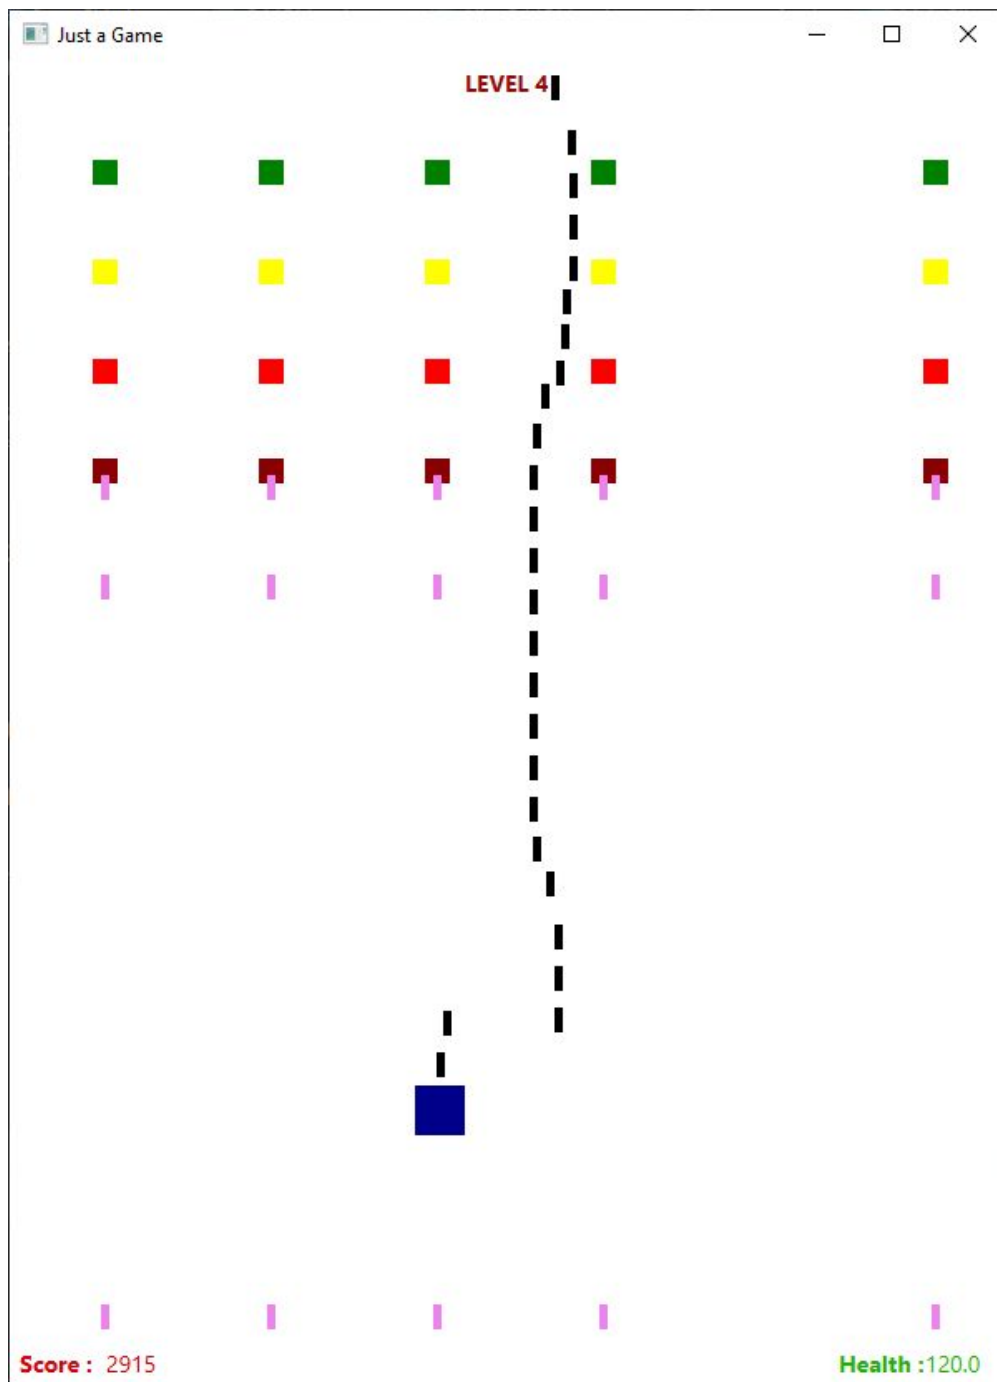

Change Password button to save. If your password is changed successfully you will be redirected to main menu.

The screenshot shows a web application window titled "Just a Game". The window has a light gray background. In the center, the text "Just a Game" is displayed in a large, bold, dark red font. Below this text, there is a form with three input fields stacked vertically. The first field is labeled "old password", the second is labeled "new password", and the third is labeled "new password again". All three fields are currently empty. Below the input fields, there is a blue button with the text "Change Password". At the bottom of the form area, there is a gray button with the text "Main Menu". The window's title bar includes standard minimize, maximize, and close buttons.

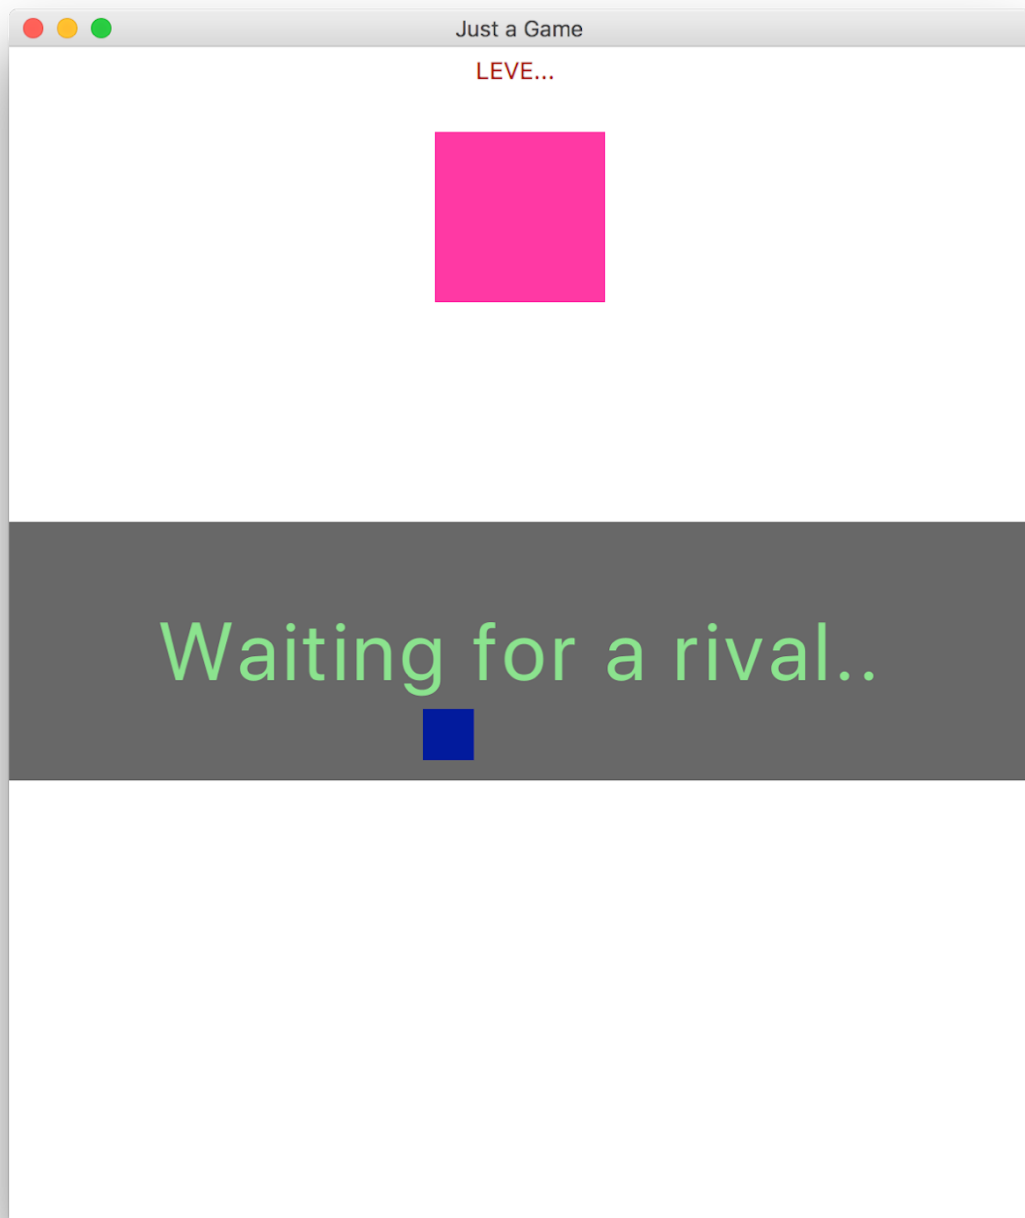

GAMEPLAY

- The blue rectangle is your spaceship. And the other rectangles are the different type of aliens. The black lines are the bullets you fire and the violet ones are the bullets fired by aliens.
- On the top of the window you see your current game level.
- On the bottom left corner your score can be seen. It is continuously updated as you alive and as you hit aliens.
- On the bottom right corner you see your spaceship's health.

MULTIPLAYER LEVEL

- When the player reaches this level, they wait for another player to join.

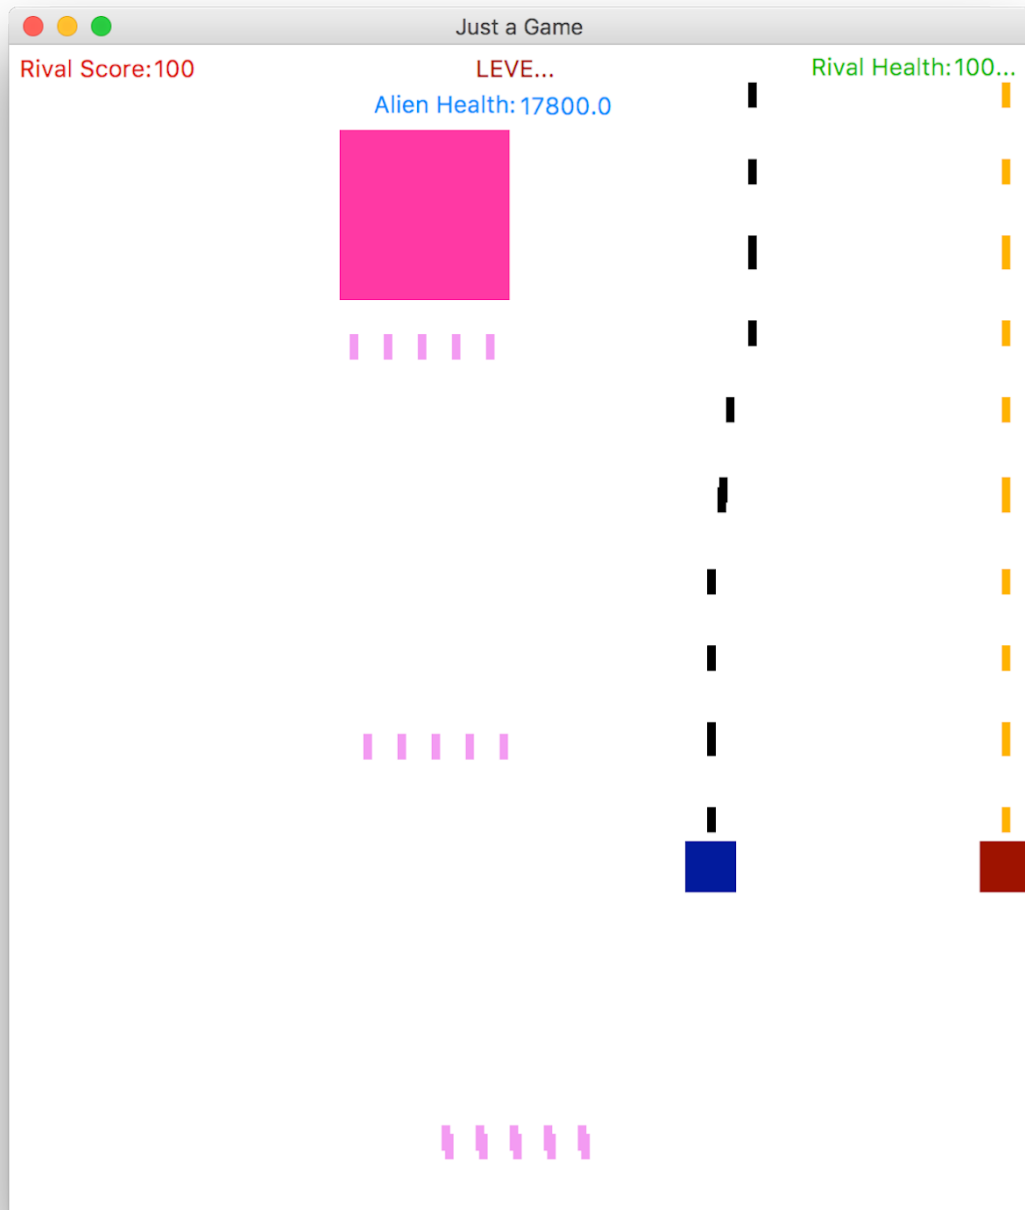

- When the second player arrives, its username is shown to the first player and vice versa and the game starts.

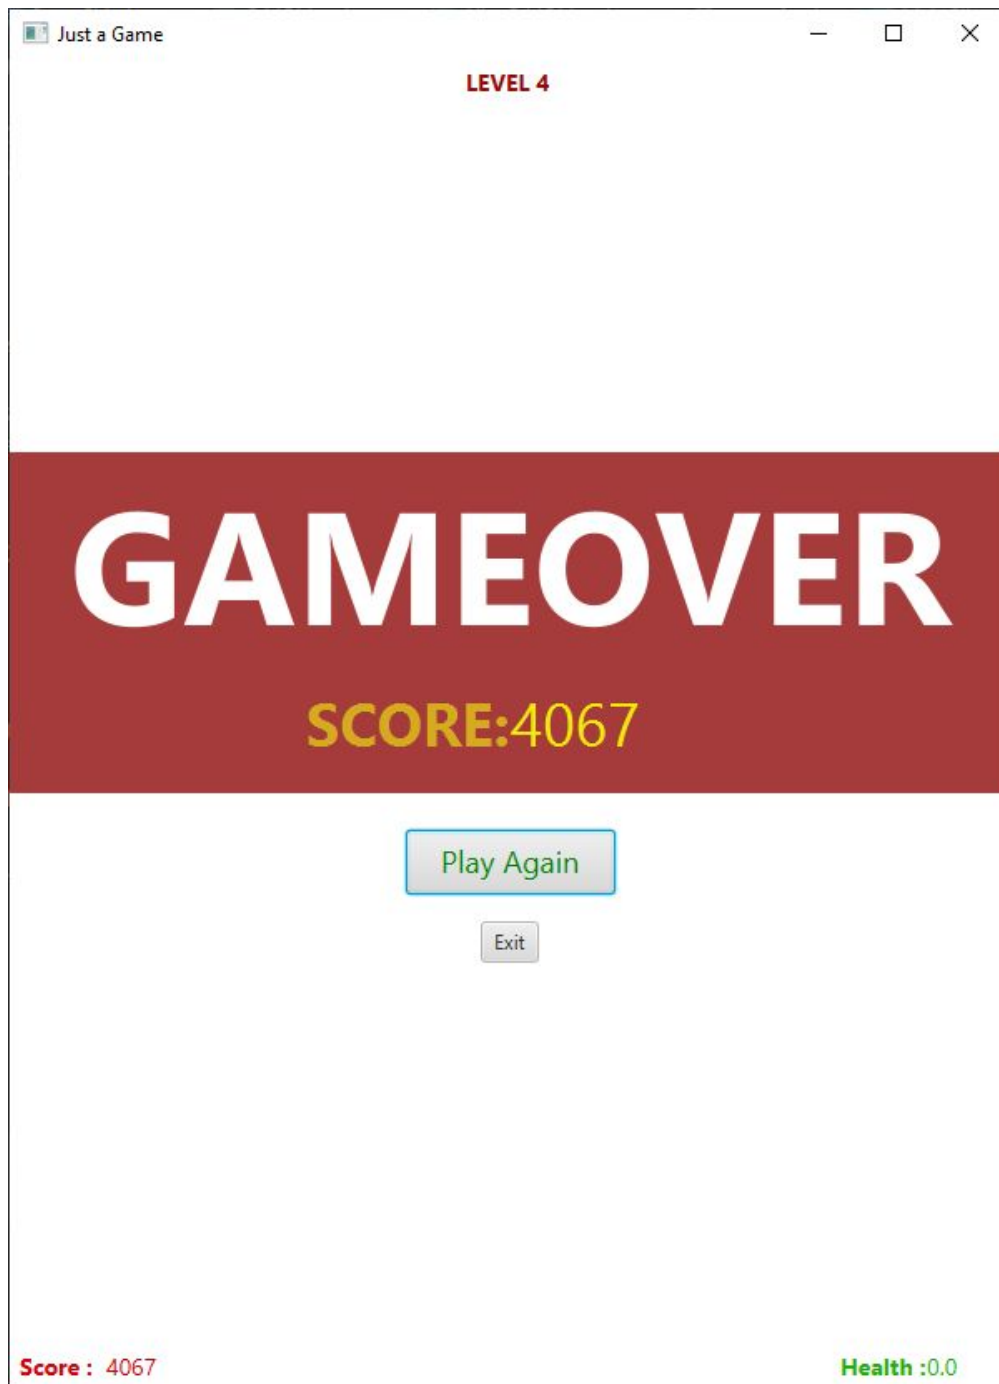

- The pink rectangle is the alien. User's spaceship is blue and the rival player's spaceship is dark-red.

- During the game, both players should avoid being shot by the alien and they try to shoot the alien as much as possible.

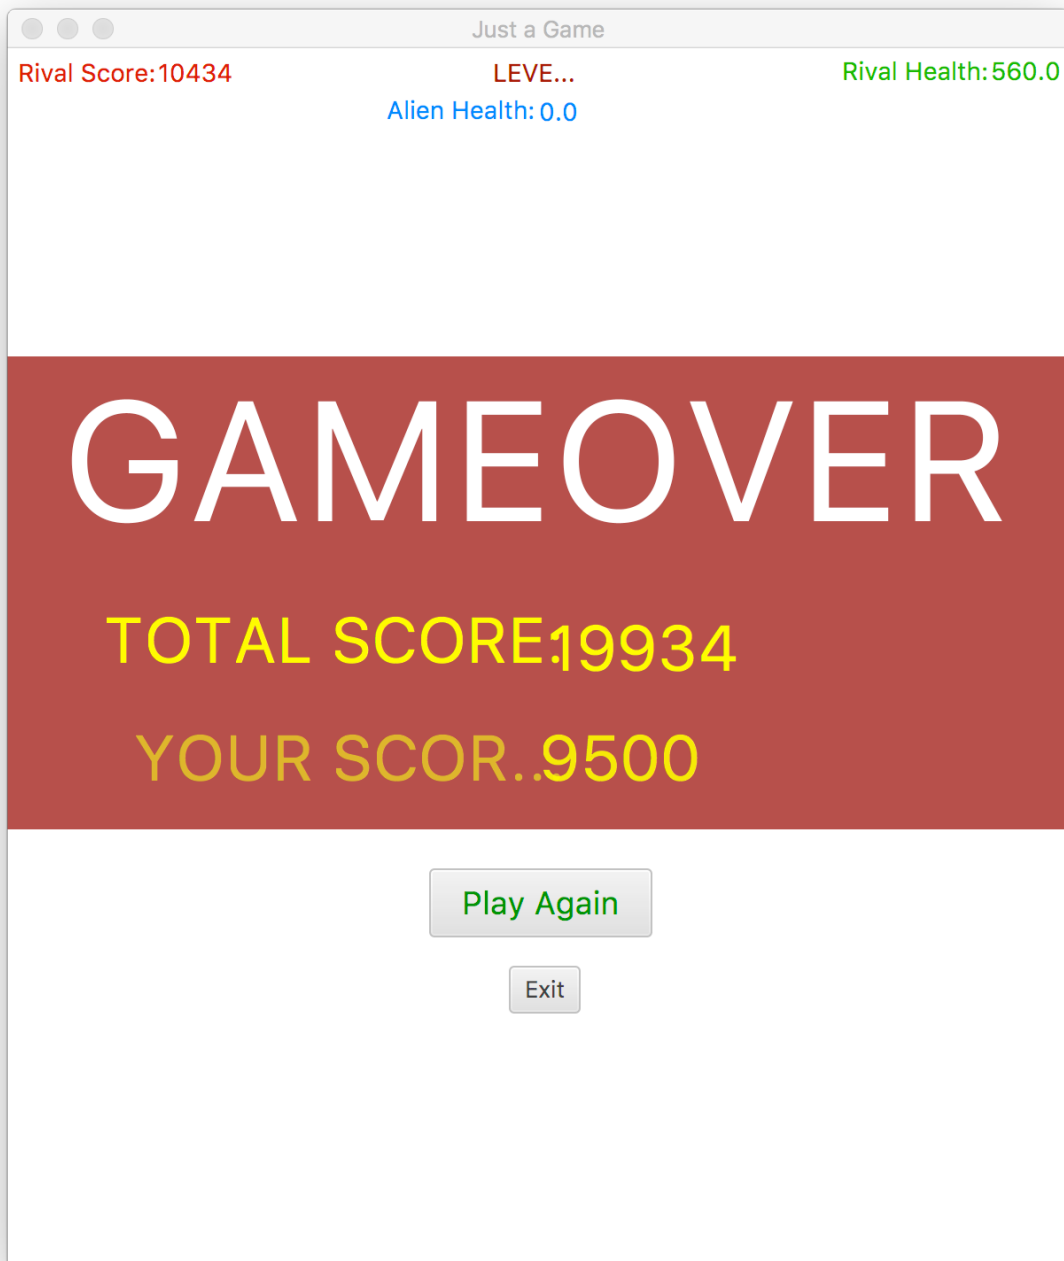

GAMEOVER

- When your spaceship's health gets 0, the game is over. Your spaceship gets damage in two ways:
 - If spaceship collides with an alien.
 - If spaceship is hit by an alien's bullet.
- Your final score is written to the center of the window.
- Press *Play Again* button to restart game.
- Press *Exit* button to go back to main menu.

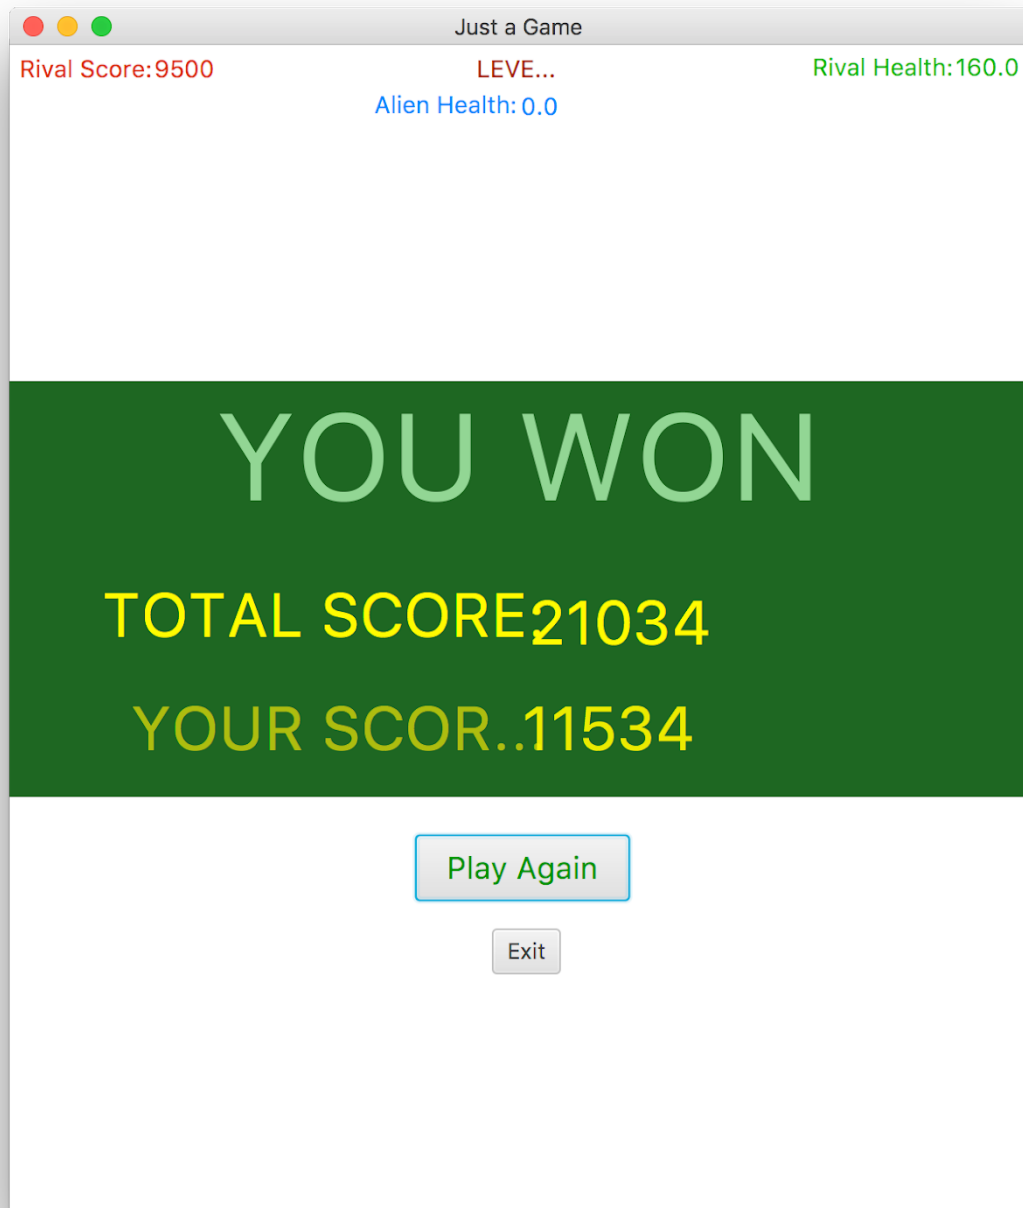

GAME OVER IN THE FINAL LEVEL

- If either you die or the total score of your rival is greater than your score, you lose the game.

- Press *Exit* button to go back to main menu.

- If your total score is greater than your rival's total score, you win the game and earn bonus points.

GAME FINISHED

- If the game is played only as a single-player game, this window is seen when you successfully destroy all the aliens of fourth level.
- Your final score is written to the center of the window.
- Press *Play Again* button to restart game.
- Press *Exit* button to go back to main menu.
